Dear Health Care Professional,

I am glad to introduce our non-profit discounted program. We offer high quality condoms to government agencies, educational institutions, health care centers, and other non-profit organizations at a discounted price. Please forward this letter to whom you think may be interested in this program.

Our company has established since 1996. We are the largest online business doing both condom wholesale and retail business. Our business model is very simple - promoting safe sex by selling high quality condoms at an affordable price in a healthy online environment.

If your institution is currently providing condoms to your clients or is planning to do so in the near future, please contact us immediately to join this partnership program.

Your organization can also purchase our condoms as low as \$100 per case (1000 condoms) including shipping and handling. Please understand that the discounted condoms are restricted to non-profit and non-personal use only.

Please fill out the attached form and fax it back together with your organization information (such as brochure and your business card) to 415-704-3036.

Thanks.
